SPECIAL PROJECTS VOLUNTEER

Description:

NatureReach Mission:

To provide nature-related programming to the community and to be an advocate and resource of environmental literacy and sustainability to community groups, associations, and organizations.

Position Description:

This is a great volunteer job for those who like to do project preparation either at home or with a group. NatureReach is always looking at ways to recycle and upcycle materials for re-use in the classes and workshops or to pull together program products. It's a great way to share your creativity.

Duties:

Job Duties & Responsibilities:

Assist with program preparation in a variety of ways and with flexible timing

Qualifications:

Qualities and Skills:

The successful candidate must have/be the following:

- Self-motivated, detail-oriented, and organized
- Ability to work independently or with a group
- Flexibility and strong commitment to collaboration

Time Requirement:

Depends on the project and time commitment of the volunteer

Additional Requirements:

- Complete volunteer application
- Participate in an interview
- Complete a volunteer background check
